

目的題範例與架構範例

Which of the following do you think your university should do in order **to recruit more students**[目的]?

- 1) Signing exchange program agreements with other universities abroad.
 - 2) Helping students find internships
-

[選擇]Well, I think my university should help students find internships.

[在這個目的下，主角要考量的點]This is because **to recruit more students**[目的], my university needs to attract the students to come to the school. [WHY]

[選擇可以滿足這個點，達到這個目的] And, if it helps students find internships, it can attract many students [HOW]

用假設if 來舉例

1. 假設[主角][選擇]

To be more specific, if the university helps students find internship,

2. [串聯前後] 學生就不會擔心畢業後找工作的問題

Students will be able to worry less about finding jobs after college. Because they might be hired by the company after the internship,

3. [目標達成] 學校可以吸引更多學生

As a result, the school can attract more students.

That is, many students who have the same goal will want to attend the school.

[結論]

4. That's why I think the university should do so.

用某人例子來解釋

[選擇]Well, I think my university should help students find internships.

[在這個目的下，主角要考量的點]This is because **to recruit more students**[目的], my university needs to attract the students to come to the school. [WHY]

[選擇可以滿足這個點，達到這個目的] And, if it helps students find internships, it can attract many students [HOW]

1. 過去主角做了這個選擇

For example, my friend Eddie's university provided a lot of internship opportunities for their students.

2. 因為[選擇]，某個學生找到好的工作

So Eddie had a very successful internship at CITI Bank.

And then, he got hired by CITI Bank after that.

3. 主角達到目標

As a result, many kids from Eddie's high school were attracted to go to his university.

4. 結論

That's why I think my university should do the same.
